SATISFACTORY ACADEMIC PROGRESS POLICY

Satisfactory Academic Progress in attendance and academic work is a requirement for all students and is consistently applied to all students enrolled in this school to determine whether an otherwise eligible student is making SAP in their educational program and may receive assistance under the Title IV, HEA programs 34 C.F.R 668.16(E). NOTE Students receiving funds under any Federal Title IV financial aid program must maintain Satisfactory Progress in order to continue eligibility for such funds. If a student's eligibility for financial aid has been negatively impacted by SAP, the student will be notified.

Students are evaluated for satisfactory progress at 450 Actual hours, 900 Actual hours and 1200 Actual hours in our Cosmetology program. Students in Manicuring courses will be evaluated for satisfactory progress at 300 Actual hours. Students in Aesthetics courses will be evaluated for satisfactory progress at 375 hours.

Transfer Students- Midpoint of the contracted hours or the established evaluation periods, whichever comes first.

Evaluation will determine if the student has met the minimum requirements for satisfactory academic and attendance progress. The frequency of evaluation ensures that students have ample opportunity to meet both academic and attendance progress requirements.

ATTENDANCE PROGRESS (Quantitative Measure)

Students are required to attend a minimum of 70% of the hours possible based on the attendance schedule in order to be considered maintaining satisfactory attendance progress. Evaluations are conducted at 450 Actual hours, 900 Actual hours, and 1200 Actual hours for a 1500-hour course, and 300 Actual hours for a 600-hour course and 375 hours for a 750-hour course. The attendance percentage is determined by dividing the total hours accrued by the total hours scheduled. At each evaluation period, the school will determine if the student has maintained at least a 70% cumulative attendance since the beginning of the course.

The Maximum Timeframe a student has to complete the course is 143% of the program length. The 1500 clock hour program is 2145 Clock Hours and 67 weeks. The 600 clock hours program is 858 clock hours and 27 weeks. The 750 clock hours program is 1072.5 clock hours and 35 weeks.

Attendance: All students must maintain at least a 70% cumulative attendance average in order to be considered making Satisfactory Progress and to complete the program within the maximum time frame.

ACADEMIC PROGRESS AND GRADING SYSTEM (Qualitative Measure)

Students are assigned academic learning and a minimum number of practical experiences. Academic learning is evaluated after each unit of study. Practical assignments are evaluated as completed. Practical skills are evaluated according to text procedures and set in practical skill evaluation criteria used by the school.

The following factors will be measured to determine Academic Progress:

1. Theory work (test grades, homework, etc.)
2. Practical work (Clinic work sheets, practical tests)
3. Laboratory work

Theory and practical work will be graded according to the following scale:

90-100 Excellent
80-89 Above Average
70-79 Satisfactory
Below 70 Unsatisfactory

The following grading scale is applicable to all courses of study. Students must maintain an average minimum of 70% in theory and practical clinic work in order to be considered making Satisfactory Progress. Records of progress are kept and any student with a grade below 70% will be CONSIDERED not making Satisfactory Progress.

DETERMINATION OF PROGRESS:

Evaluation of progress will be conducted by the Financial Aid Director at the following hours. Cosmetology Program a 1500-hour course will be evaluated at 450 Actual hours, 900 Actual hours and 1200 Actual hours. Manicuring Program a 600 -hour course will be evaluated at 300 Actual hours. Aesthetics a 750-hour course will be evaluated at 375 actual hours.

Satisfactory: Students with a minimum of 70% GPA and 70% attendance.

NOTE: Attendance is evaluated on a cumulative basis. At each evaluation point, the attendance report for the evaluation period will be taken from Emasters to determine whether the student will complete the course within the maximum time frame established in this policy.

Students meeting minimum requirements for attendance and academic at evaluation will be considered to be making satisfactory progress until the next scheduled evaluation. Students will receive a copy of their satisfactory progress determination at the time of each evaluation. In order for a student to be considered making satisfactory progress, he or she must meet both attendance and academic minimum requirements on at least one evaluation by the midpoint of the program or midpoint of the academic year, whichever is shorter.

WARNING:

Students who fail to meet minimum requirement for attendance or academic progress at the end of an evaluation period are placed on Warning and considered to be making satisfactory progress during the Warning period. The student will be advised in writing on the actions required to attain satisfactory progress in attendance or academic progress by the next evaluation period. If at the end of the warning period, the student has still not met both attendance and academic requirements the student will be deemed ineligible to receive Title IV funds. (See Appeal and Probation)

APPEAL AND PROBATION:

Students who fail to meet minimum requirements for attendance and/or academic progress at the next evaluation period after a warning period will be considered to not be in Satisfactory Progress and Federal Financial Aid will be terminated. However, if a student is determined to not be making satisfactory progress in this situation the student may appeal the determination. The student must submit a written appeal to the financial aid director with supporting documentation of the reason(s) why the determination should be reversed. This information should include what has changed about the student's situation what will allow them to achieve Satisfactory Academic Progress by the end of

the next evaluation period. Appeal documents will be reviewed, and a decision will be made and reported to the student within 5 calendar days. The appeal and decision documents will be retained in the student file. If the student prevails upon the appeal, the school will work with the student to develop an Academic Plan to again achieve satisfactory academic progress. Note: The development of an Academic Plan is mandatory. In conjunction with the development of an Academic Plan the student will be placed on Probation for the next evaluation period. While on Probationary status the student is considered to be making satisfactory academic progress and eligibility for financial aid is reinstated.

INTERRUPTIONS, COURSE INCOMPLETES, WITHDRAWALS

If enrollment is temporarily interrupted for a Leave of Absence, the student will return to school in the same progress status as prior to the leave of absence. Hours elapsed during a leave of absence will extend the student's contract period and maximum time frame by the same number of days taken in the leave of absence and will not be included in the student's cumulative attendance percentage calculation. Students who withdraw prior to completion of the course and wish to re-enroll will return in the same satisfactory academic progress status as at the time of withdrawal if the student returns within 180 days. Incompletes, repetitions, and non-credit courses have no effect upon the satisfactory progress policy

NONCREDIT, REMEDIAL COURSES, REPETITIONS

Noncredit, remedial courses, and repetitions do not apply to this institution. Therefore, these items have no effect upon the school's satisfactory academic progress standards.

TRANSFER HOURS

With regard to Satisfactory Academic Progress, a student's transfer hours will be counted as both attempted and earned hours for the purpose of determining when the allowable maximum time frame has been exhausted. SAP evaluation periods are based on the actual contracted hours at the institution.

STUDENTS WHO DO NOT COMPLETE WITHIN MAXIMUM TIMEFRAME

2. Failure to submit documents or make requested corrections within 5 business days will result in being placed on a temporary suspension until the documents or corrections have been made, or you can show cause as to why you are unable to do so within the requested time frame, such as waiting for the IRS to mail transcripts.
3. You have a 3-day trial period before your student profile is created into our student database. Upon formal enrollment into Love Beauty School, we will create your student profile. Typically, within 7 days any verification information needed or any corrections needed will be requested. Your file is noted the day the information is requested. It is your responsibility to make such corrections, to complete any required documents, and attach any supporting documents within 5 business days. As mentioned above failure to do so will result in being placed on a temporary suspension. Should you have any questions, or need any assistance completing the verification / correction process, please sign the clipboard on the back of the financial aid office door.
4. In the event there are changes to your Estimated Family Contribution (EFC) which determines the Financial Aid you are eligible to receive. You will be notified verbally that there were changes and you will be provided with a revised award notification.
5. Information will be relayed to you in the forms of phone calls, emails, messages, along with written notices.
6. Students making corrections to the fafsa must log into the website to complete. If we make the corrections, they will be completed in our internal database.
7. Students who have an FSA ID—regardless of how they originally applied—may correct any of their own data by using FAFSA on the Web at <https://fafsa.ed.gov>. Parent(s) of dependent students need to change the parental data, a parent must either sign electronically with their own FSA ID or print out and sign a signature page.
8. We also can submit corrections and updates electronically through FAA Access to CPS Online or EDE even if the original application was not submitted with that method. If your school isn't listed on the transaction you want to correct, the student will have to give you the DRN printed on the SAR or SAR Acknowledgement so that you can add your school in the next available institution field and then get electronic access to the resulting corrected transaction. If all the fields are filled, the student will have to tell you which school to replace with yours. If we send a correction or update for a student, we will first have signed documentation from the student and parent. This can be signatures on Part 2 of the SAR, a signed copy of the correction or update, or a signed verification document. Unlike those for the original application, these do not have to be wet signatures. The CPS will process the change, send an ISIR to the school, and send the student a one-page SAR acknowledgement or, if the CPS has her email address, an email with a link to her SAR information on the Web.

9. Typically, we only do corrections through our internal database, however, our Third-Party Servicer may also make corrections on behalf of the school / student with necessary documentation for permission in place.
10. Individuals who have purposely misreported information or altered documentation to fraudulently obtain financial aid funds will be reported to the U.S. Department of Education Office of Inspector General.

By signing you agree that you have read, understand, and will adhere to these policies

In order to apply for financial aid, we recommend that you come in and allow the financial aid director to answer questions for you to assist you in filling out your application. This is called a FAFSA and will be done over the web, you may also do this on your own at www.fafsa.ed.gov. We then will inform you of how much we estimate that you qualify for under the Pell grant and then give you the option of applying for student loans. Please be advised, the FAFSA is an application for ALL forms of federal financial aid including student loans. There are two types of loans unsubsidized and subsidized. You may contact the financial aid office at 931-954-5008 at anytime to inquire about financial aid. You may request information in writing, send these requests to Love Beauty School c/o Financial Aid Department at 1161 Murfreesboro Hwy in Manchester, Tennessee 37355. Once you have contacted the financial aid director regarding financial aid, he or she will also provide you with further information regarding the terms and conditions of loans (entrance counseling) as well as the Pell grant. Please be advised that loans qualifications are not based on credit, but rather whether or not you are in good standing with the dept. of education in terms of loans, meaning that you have not previously defaulted on a student loan. For other terms and conditions please review entrance counseling or visit www.studentaid.gov. The amount of financial aid you qualify for is based on your efc, which is simply a number used to calculate the financial strength of your family's income, and this is based on your need's analysis. You will be required to use information from the 2 previous year's tax information and answer questions about yourself, spouse, children, household, financials, etc...this is what the department uses to determine your need. Pell grants are not required to be paid back but loans are required to be paid back. Generally, your 1st loan payment will not be until 6 months after you graduate or the date you are dropped or withdrawal from enrollment. If you are not able to make this payment, please make sure to contact your lender in order to apply for deferment, deferments can be granted for no to low income, medical, also if you are in school, however for full information you will need to contact the lender. You will receive an award letter informing you of what you qualify for. These funds are not disbursed immediately in full. They are made to the institution in drops based on your attendance, grades, etc. If you withdraw or are dropped then a certain percentage of the funds must be returned, the institution is required to do this. However, if there is a remaining balance due on your account you are required to pay this to the institution. If you have a credit balance on your account it will be disbursed to you via check, unless otherwise requested by you. Checks are typically written on staff day each month. For further questions regarding financial aid feel free to contact the financial aid director at 931-954-5008 at Love Beauty School, Inc. responsibilities, you must remain in satisfactory academic progress to continue to receive financial aid and for further information on your rights please view https://www.dlssonline.com/borrower/DownloadPDF?PDF=|cf_BorrRights_auto.pdf . Upon completion of the program, just as you were required to complete entrance counseling in the beginning, you will also need to complete exit counseling. This can be done at www.studentaid.gov if you are unable to access this site for either counseling, we do have paper versions available in the office. Per the department we are required to advise you of following concerning Pell grants: 2010 Federal Pell Grant Crossover Payment Period Policy: For the 2010 crossover payment period that occurs in the 2009-2010 and 2010-2011 award years, our institution elects to award the Federal Pell Grant from the 2009-2010 award year without applying 34CFR 690.64 as amended by the final regulations published on October 29, 2009, and effective on July 1, 2010 (74 FR 55904, 55951). Campus Security

Please also see the Annual safety and security report located under the student right to know tab at www.lovebeautyschool.net

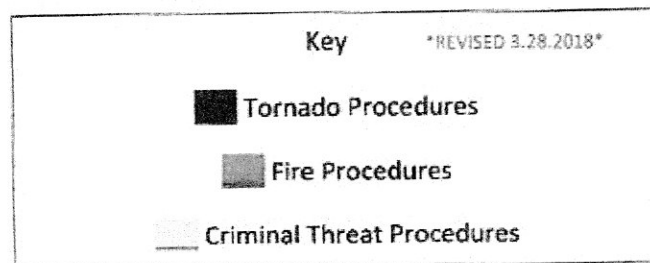

As discussed earlier in this handbook if at any time there is a criminal threat to a client or student the staff is required to be notified immediately. Also Love Beauty School, Inc has in place procedures for fire drills, and tornado drills as well as the criminal threat. Love Beauty School, Inc ensures the safety of our students and clients at all times and is of the utmost importance to our facility. Below is a copy of our health and safety plan.

Health and Safety Plan

In order to promote health and safety inside our institution we have decided to put into place a health and safety plan. The first issue deals with products and chemicals used inside a salon environment the first precautionary step that we take is ensuring that there are MSDS for the chemicals used inside the school. We ensure that the students are wearing gloves when necessary. The students are also required to use the proper precautions when servicing clients as well. When using strong chemicals, they apply cotton around the face as well as using protective cream and scalp base. We have a first aid kit located inside the stockroom this kit contains band aids, antiseptic, gloves, alcohol, eye wash, nick relief, liquid band aids, peroxide and many other necessities. Secondly, we have plans in place in the case of fire, tornado, or other unforeseen emergencies. **In case of a fire the students, staff, and personnel have been made aware that it is their sole responsibility to exit the building. A document of these exits is posted at the main office.** We do have fire extinguishers for small fires however we do not want anyone getting hurt trying to save the facility. **In the case of tornadoes, the students, staff, personnel are instructed to go into the breakroom or facial room. Inside these rooms they are to kneel or sit closet to the ground. They are also informed to bring a text book of some sort to place over their heads for protection. Inside the breakroom they are to sit under the tables.** When mopping an area, we place wet floor signs throughout the school. If there is an accident, then an accident report is filed. Immediately an ambulance is called when necessary as well as the insurance agency. We require a report either way. Also, if there is ever any criminal threat to students, staff, or personal the police are immediately called, or panic buttons pushed, and that person is escorted off the premises, whenever possible. We began training in 2018 for

active shooters, and emergency response. Students are taught the ADD method. Avoid, Deny, Defend. For other information on campus crimes, or campus security see Consumer Information Handbook, etc.

In the event of emergency healthcare needs, an ambulance is called immediately, staff and or students who have received training in cpr may administer it whenever possible / needed. In the event of sickness, students are unable to attend school if it is communicable. Such as the flu, etc. Drs. Notes are required, and students will be unable to return until Drs. Notes state they are able to return to normal activities. This plan will be evaluated annually, and be revised as necessary.

If at any time a student brings drugs or weapons or comes into the institution under the influence of drugs they are then dismissed from the school at the full cost of their tuition and the authorities will be contacted. Please also be advised that in the event the authorities are called this could result in fees, probation, fines, as well as jail time.

Confidentiality of student Records

Student's records and personal information are maintained inside a locked fireproof filing cabinet or locked filing cabinet. We also keep information on discs, and these are locked inside a fireproof safe. Love Beauty School, Inc does not release any personal information regarding any student to another individual. This decision is based on the requirements and standards set forth by FERPA (Family educational Rights and Privacy Act) Students are required to grant permission to the school if they want any of their personal information to be made available to any individual. The student signs a release form naming any individuals to who of which information may be released. However, students are able to review any information that the school has on file at any time. Should any information maintained on the student be incorrect students have the right to have it amended. Only the C.E.O. and financial aid director have access to these files. Educators have access to clinical sheets, loa forms, and other academic documents. Inform the financial aid office if you need to see your files and someone will help you schedule a time to view these files. Also, should you ever need transcripts or documents provided to another facility you must make this request in writing, including your name, social security number, date of birth, to whom it is going to as well as its intended purpose along with your signature and a date.
