Letter from the Owner

Safety is of the utmost importance to our institution. We take the safety and security of our students, staff, clients, and visitors very seriously.

We are committed to providing the highest quality of education, but additionally ensuring the safety of all who enter our premises to the best of our abilities.

We work with our students and staff to ensure they are aware of how to respond in an emergency situation.

We have developed and implemented specific policies based on requirements of the law to ensure the safety of students, staff, clients, and visitors.

I opened Loved Beauty School, Inc. in December of 2006 under the guidance of God. I felt he desired for me to open an institution of not only post secondary education, but one where we could show Christ Love for all we encountered on this journey. I had written a letter at that time which is included in our handbooks today describing my goals for the school. See that letter below.

A Letter From the owner.....

It is an honor that you have chosen Love Beauty School, Inc. to pursue your goal in becoming part of the beauty industry. It is our desire to provide you with the latest and best education possible to ensure you are fully successful in completing your program of choice, finding employment, and achieving a lifetime of success.

I fell in love with Cosmetology and education as a young child. There was no greater feeling than helping others to feel good about themselves. I always had a passion for hair, and teaching others. Upon completion of my Cosmetology License, I completed my Jr. Instructors program in Oct of 2008 and began teaching the phase 1 Cosmetology class. I obtained my Instructors License and continued to teach for several years while also working behind the chair in the salon. I was given the opportunity to assist the institution with obtaining accreditation and financial aid approvals so that future students could get financial assistance to help them achieve their dreams in becoming licensed professionals in the beauty industry. As the school began to grow, I was presented with a decision. I could continue to teach full time, or I could continue to work in financial aid and admissions full time, I could not do both. I took this decision seriously. I knew I loved helping others more than anything else. I could still do this in the financial aid department, and even more so as I would have more one on one opportunity to witness to others and help them along their journeys. I still continued to teach as needed and still do today.

I was blessed to have worked with the former owner Mrs. Cristie for almost 14 years. I am thankful for her guidance and wisdom in preparing me for the future God had laid out before me. She was a mentor and a friend. She strived for excellence in everything she did and encouraged our team to do the same. In July of 2022 I purchased the school from Mrs. Cristie as she had made the difficult decision to retire. We wish her the best, and plan to continue her legacy by ensuring all students receive the best education, and guidance in furthering their goals of becoming beauty industry professionals.

Sincerely,

Tonya Liles

My passion was and will remain in this industry, and although Im not teaching as much, and deal with more day to day activities with running the institution, as well as keeping everyone safe, I remain blessed to have the opportunity to come to work and truly Love What I Do!

Should you report a crime to the local police department it is also crucial to notify the institution as well. You may do this by speaking to the owner, instructor, or any other employee of the institution. Crimes are able to be reported on a voluntary, as well as an anonymous / confidential basis in order to include the information in the annual security report. However they must be done in writing, and on a campus crime report form. These forms along with accident forms can be found by the main office. In the event an anonymous crime has been reported although the information will be kept confidential the institution reserves the right to use information disclosed in the report to ensure the safety and security of the school. Crimes should be reported within 24 hours. Any documentation for proof may be submitted to the campus security officer, Tonya Liles, which will be attached to the crime report form, a reasonable investigation will begin, as much as possible, until the victim is in a position to share more information either to the institution, or the local police department. Local police departments as well as our institution can file an anonymous report. This is designed to allow the information to be reported on a confidential basis but still allow the local authorities, or the institution to conduct the necessary steps to ensure your future safety as well as the safety of others. Please be advised there are cameras outside the school, as well as inside the school, these are there for the safety and protection of students, staff, and guest. Camera footage may be used in investigations. Cameras record both audio, and visual.

This information allows the institution to keep an accurate record of incidents in order to alert the campus community in the event of any dangers when necessary. Methods of notifying could take place in the following: Notices posted, website notices, text messages, and verbal / electronic announcements. Reports that are disclosed are counted, logged and submitted as part of our annual crime statistics for the institution. We also make a good faith effort to contact the local police department to collect local crime statistics in addition to pulling Coffee County Crime statistics from the T.B.I. website, in order to complete the annual security report. More information regarding crime statistics specifically can be found on our website under the Enrollment / Student right to know tab.

We encourage all licensed professionals such as mental health as well as pastoral counselors to also report any crimes to the institution as well as police departments, they have been made aware of on a voluntary, confidential basis. As they deem necessary.

Every year Love Beauty School, Inc. reports any Clearly reportable crimes, if there have been any to occur, for several years the institution has had zero campus crime incidents.

Love Beauty School, Inc has no on campus residences at this time.

Access to campus facilities:

Love Beauty School, Inc. is located in the city of Manchester, TN and county of Coffee. We are open to the Public for services Tuesdays through Fridays from 9am to 5 pm, after 2 being by appointment only.

We are open to students Monday through Friday typically between the hours of 8 am and 5 pm.

The institution is not accessible after these hours unless under the supervision of an instructor or staff member.

Although we do not have a school police department the owners and instructors are through out the building and parking lot several times per day, there are cameras in each department that record audio and visual as well as in the school parking lots. We are also located within 5 minutes of the Manchester Police department.

Maintenance of campus facilities:

Love Beauty School, Inc.'s building, landscaping, as well as parking lot is maintained in such a manner to prevent any hazardous conditions. We also have a maintenance list

posted inside the stockroom, so that any student or staff member may report any item, that needs to be repaired. The owner also frequently checks items inside the school to ensure their safety, as well as make sure they are in proper working order. Any emergency repairs are done immediately.

The building as well as the parking lot are well lit, and there are no landscaping issues blocking any direct lines of sight, etc. Love beauty school, Inc. also has a security system in place. Each classroom / educator has a panic button. In the event of a criminal threat this can be pressed, and the local police department are dispatched. Again cameras in each department as well as the parking lot are maintained, and in working order. To assist with safety and security of our institution.

Crime Prevention and Security Awareness:

At Love Beauty School, Inc. we take a proactive approach in ensuring the prevention of crimes. Our goals are to minimize if not eliminate potential criminal activity / threats whenever possible. It is important that our staff and students take a personal responsibility for their own safety as well as the safety of others.

During orientations for new classes students are shown where a power point presentation on crimes, preventions, our crime statistics, VAWA, etc. is located on our school website. This helps ensure that even the newest of students has some type of preparation and awareness on their first day of class. Orientations are held typically on a monthly basis. Students are able to graduate within a year typically, or just over a year, meaning that they would have received this information / training annually.

Each year beginning 2018 we will also have the local police department, fire department, etc. come in and do a class on or a video will be made available on our school website under "Student right to Know":

- General Crime Prevention
- Security Awareness
- Alcohol Abuse
- Domestic Violence
- Rape aggression defence (RAD)
- ALICE (Alert, Lockdown, inform, counter, evacuate) OR ADD (Alert, Deny, Defend)
- Fire Safety
- Emergency Response and Evacuation procedures
- Sexual Assault Prevention
- Theft Prevention
- First Aid
- CPR

In these classes students as well as staff are encouraged to take responsibility for their own safety and security as well as the safety and security of others.

Love Beauty School, Inc. has panic buttons placed throughout the school. When pressed these notify SimpliSafe to automatically contact the police department. They are also connected to an extremely loud siren, this will notify students in the event there needs to be an emergency evacuation, we also have a Alexas throughout the building where we can make announcements in the event they are necessary, more information regarding this can be found in the emergency response section of this handbook. There are also fire extinguishers, cameras, flood lights, camera surveillance, as well as various other items inside the institution to protect students, staff, and visitors.

Phone numbers have been provided above. These numbers can be used for requesting help, reporting crimes or any activities that may appear to be suspicious, or other emergencies. Panic buttons may be used in the event of an emergency only.

Love Beauty School, Inc. does not offer on campus housing.

The previous owner of the school also owns rental property which students and others are able to rent. Although the property is not directly associated with the school, it is next door. Direct access to the property is not available due to privacy fencing.

This location also has camera surveillance, an alarm system, with each apt having a panic button as well, fire extinguishers, as well as requirements each tenant must follow, including curfews, guest policies, etc.

Off Campus Crimes / Student Organizations:

The Manchester police department has jurisdiction for all crimes that occur within the city limits, the Coffee County Sherriffs department has jurisdiction for all crimes that occur in the county. Numbers to both facilities have been provided above. In the event of an off campus crime you should immediately contact the police department, or call 911. Love Beauty School, Inc. is not responsible or liable for any crimes committed that occur off campus, however maintain the discretion to pursue disciplinary action against offenders for violations of school policies when off campus if necessary.

Love Beauty School, Inc. does not have any off campus student organizations.

Emergency Preparedness:

As required Love Beauty School, Inc. has a plan for emergency operations. This outlines the immediate response and evacuation procedures which may include the use of electronic communication. Again the local police departments have the responsibility of responding to, and obtaining the necessary resources to mitigate, and investigate as well as document the emergency or dangerous situation. Love Beauty School, Inc. also

will investigate and document the crime log, in the event of a reported on campus crime and follow school policy in handling the matter.

Emergency Notifications:

In addition to the health and safety plan, we want to disclose the following: In the event a situation would arise that opposes an immediate threat to the health and safety of students, staff, guest, etc. The police will be notified automatically, either via panic button, or phone call, which ever is possible.

Panic Buttons: as noted earlier They are also connected to an extremely loud siren, this will notify students in the event there needs to be an emergency evacuation, we also have a Alexas throughout the building where we can make announcements in the event they are necessary. In the event there was an emergency evacuation all students, staff, clients, guest, etc will be directed to exit the building whenever possible, they would meet in the furthest corner of the back parking lot next to the wooden fence. If any any time exiting the building would further compromise their safety then each staff member, student, guest, etc would need to enter the closest room and lock the door, pressing the panic button immediately after. We will test our emergency response plan annually when we do our health and safety drills.

The priority of the institution in the event of an emergency is to notify as many people as possible, as quickly as possible. This is attempted through a variety of methods not limited to announcements, text messages, twitter, facebook, emails, and other electronic methods.

Local tv and radio stations also broadcast information. The school has weather radios in each department to ensure staff and students are notified of dangerous weather. The city also has emergency sirens for the events of dangerous weather.

Some of these methods may require follow up info to be given, if so it will be provided as necessary.

Again the local news and radio stations are responsible for notifying emergency information to the city, neighbors, etc.

In the event of an emergency Love Beauty School, Inc will initiate as well as provide immediate notifications to the appropriate departments upon confirmation of an emergency or dangerous situation involving immediate threat to the health and or safety of students, staff, guest, etc.

Notifications would include but not be limited to:

Fire, power outage for an extended amount of time, infectious disease, tornado, criminal threat etc.

Timely Warning Notices

In the event a crime is reported within the Love Beauty School, Inc. Clery Geography, that would pose a threat to the institution, students, and staff a timely warning notice would be issued in the form of an emergency notification, via whatever means necessary / available

, such as text, social media, phone, emails, etc.

Timely warnings could be distributed for the following reasons, major incidents of arson, criminal homicide, robbery, etc. Aggravated assault and sex offenses will be considered on an individual basis once the appropriate parties have been able to review the facts of the offense, allegation, determining wither or not there is a continuing danger to the institution, staff, students, etc. For example there may be an altercation between two students, however this would not pose a threat toward the institution, other students, staff, etc so there would not be a need for a timely warning or emergency notification.

Typically sexual assault cases are reported well after they have occurred, not allowing for an ability to issue a timely warning.

Sex offenses will be reviewed on an individual basis depending on where and when the incident took place, the amount of information reported, when it was reported. Cases involving property crimes will also be reviewed on an individual basis, and a notification will be sent if there is a determined pattern of crime.

Again when necessary the local police department is responsible for reviewing all information related to a crime and have the ability to determine wither or not there is an ongoing threat to the institution and or community.

Personal information of the victims will be held confidential. Emergency notifications / timely warnings will be sent in a manner to help prevent future occurrences.

Emergency Reponse

Love Beauty School, Inc conducts two evacuation drills annually. Typically in June and December. During this time students learn the exits, and are given instructions on how to exit the building when necessary, depending on the type of emergency. There is also a health and safety plan posted though out the institution giving brief description of what to do in the event of an emergency.

The purpose of the drill is to prepare students, as well as staff so that in the event of an emergency the response will be as organized and calm as possible. During drills students are given the opportunity to “practice” what to do in the event of an emergency. Be it fire, tornado, criminal threat, etc.

These drills are monitored by staff to ensure any equipment, such as exit signs, flood lights, etc are all in working order. Any suggestions for improvement can be made to the appropriate departments for consideration.

In addition we also have videos and powerpoints posted on our school website which provide more information on active shooter preparedness, along with bystander intervention, etc.

Love Beauty School, Inc. at this time does not offer on campus housing.

Each drill is documented, and includes the date, which drills were performed, who the educator was, and then signed by all participating students.

Each employee is given a policy manual, one of the components of the policy manual is emergency procedures, such as the health and safety plan. These procedures are reviewed during initial class orientations, which occur typically on a monthly basis, this ensures that all new students are familiar with the requirements, and students who enrolled previously have the opportunity to hear it multiple times as well. These procedures outline what to do regardless of which department the student is in, because students travel throughout the building to perform services, it also discusses exits, emergency medical equipment, meeting locations, where fire extinguishers are located, etc. This as well as other school plans are evaluated and revised annually as necessary.

Notification of a missing student

In the event a student or staff member has reason to believe that a student or staff member is missing he or she should immediately contact the local police department. If a staff member feels a student has been missing for more than 24 hours it is extremely important that they report the information to the local police department. At this time the local police department will investigate the matter and issue a missing persons report as necessary. Upon notice from the local police department that the student is missing love beauty school, Inc. will attempt to notify the students family, parent or guardians, or references listed in their enrollment contracts within 24 hours of being notified the student is missing.

During orientations students are informed of the missing persons protocol listed on our school website, including related law regarding age and reporting requirements. Additionally we will encourage students to frequently update their emergency contact information.

How the use of drugs affects your health

The use of drugs can affect your health in a variety of ways, some of which being nausea, anxiety, comas, as well as death. There are multiple risk associated with chronic use of psychoactive drugs as well as alcohol. A pregnant woman who chooses to use alcohol, cigarettes, or an other drug not only exposes herself to these risk but also her fetus including miscarriage, low birth weight, and brain damage.

Substance abuse could involve illegal drugs and alcohol as well as controlled substances. All of which pose a health risk, and an even greater risk is posed when these substances are used in combination with one another. Negative effect on the body and mind are multiplied past the effects of an individual drug taken on its own.

Alcohol: One of the most frequently used and abused drugs not only with students but also society in general. Alcohol in the smallest amounts is known to impair judgement, as well as coordination even to be able to operate a vehicle. This of course only increases the chances of automobile accidents. When used in moderate to large quantities the effects are even more severe including not being able to learn and or remember things. The use of alcohol be associated with the incidence of aggressive

crimes including assault, rape, and domestic crimes. Alcohol is a depressant, when used in large quantities can cause cardiac and respiratory failure, which could result in death.

Marijuana: Has the ability to impair your short term memory, as well as the ability to understand or comprehend. It can cause anxiety, lung damage, confusion, and abnormalities in the hormone as well as reproductive system. Once the feeling of getting “high” fades unfortunately the effects on your coordination, and judgement remain, making it even more difficult to complete other tasks, especially driving. Cannabis is a fat soluble substance and can remain in the body for multiple weeks, overdoses could cause panic attacks, as well as psychiatric problems.

Club Drugs: This term may refer to a variety of substances include Ecstasy, GHB, ketamine, methamphetamine, LSD, as well as Rohypnol. These substances are usually used at parties such as raves, dances, bars, etc. None of which are safe due to the variation in their purity, strength, as well as their concentration. Club drugs can cause more severe health problems including death. Again there will be more serious consequences and dangers when mixed with alcohol.

Depressants: These may include Valium, barbiturates, benzodiazepines, Quaaludes, and other depressants. They cause slurred speech, disorientation, as well as other drunken behaviors. Overdose effects may include shallow breathing, clammy skin, dilated pupils, rapid as well as weak pulses, and death.

Hallucinogens: Include MDA, LSD, PCP (angel dust), peyote, and mescaline may cause powerful distortions in thinking as well as your perception. Strong as well as unpredictable emotional reactions can trigger a panic attack or psychotic reaction. Overdose can cause heart failure, lung failure, comas, as well as death.

Narcotics: Include cocaine, heroin, morphine, methadone, as well as opium, these cause negative effects on anxiety, may also cause mood swings, confusion, constipation, nausea, as well as respiratory depression. Overdose can lead to convulsions, comas, as well as death. Risk of being infected with HIV/AIDS and other diseases is increased when you inject drugs and share needles with others. There is also a great possibility of developing a dependency on these drugs whether it be psychological, or physical.

Stimulants: Such as amphetamines, cocaine, as well as others, may cause agitation, appetite loss, heartbeats that are irregular, chronic sleepiness, as well as hallucinations. Cocaine and crack cocaine are severely dangerous as well as both physically and psychologically addictive. Overdoses result in seizures and death.

Tobacco: Has an active ingredient, known as nicotine. Nicotine can increase heart rate as well as blood pressure. Tar in cigarette smoke is one of the major causes of cancer, as well as a variety of other respiratory problems. Carbon Monoxide in cigarette smoke

promotes arteriosclerosis, as well as has other long term affects on the respiratory system, emphysema, chronic bronchitis, heart disease and lung cancer.

Policy pertaining to alcohol and drug use

Love Beauty School, Inc., Drug Free Workplace act of 1989, as well as Drug Free Schools and Communities act of 1989, has a zero tolerance policy for drugs and alcohol use. We prohibit the unlawful manufacture, sale, consumption, possession, and or distribution of controlled substances and alcohol on school property, as well as property owned by Tonya Liles, as well as any school related activities regardless of the location.

Also as mentioned above : In the event this policy is violated you will be terminated, at the full cost of your tuition, and local law enforcement agencies may be called at anytime to investigate, or to bring in dogs to conduct random searches, for drugs, alcohol, or weapons of any kind. None of which are allowed on the school premises, this includes inside your vehicle while parked in the school parking lot. Coming to school under the influence of drugs or alcohol will not be tolerated. Possession, use / sale of drugs, alcohol, paraphanelia, is illegal as well as tobacco products for minors in the state of Tennessee. Failure to abide by these laws could result in citations, jail, juvenile detention centers, a criminal record as well as termination. Information regarding counseling, resources, rehabilitations, and education are provided for you. Please take full advantage of them in the event you need to do so.

The local police department enforces all state drinking laws. The inhale use of controlled substances, and or the abuse of alcohol again can impair a persons ability to think clearly, make logical decisions, affect their heath negatively both physically, as well as psychologically. This endangers the safety and well being not only of the user, but also other students, staff, clients, guest, as well as general public. Because alcohol is readily available and the use of is not necessarily illegal, it tends to be the drug that has the most potential harm for people.

There are both negative health and social consequences that can occur as the result of use of alcohol, which may include assaults, both verbal and physical, as well as other problems related to the health as well as the productivity of the user. Use of alcohol by women who are pregnant, alcoholic, as well as other people who are all and or on medication is exspecially dangerous.

In any instance or situation Love Beauty School, Inc will follow school policy as well as state law.

There are local, state, as well as federal laws that prohibit the unlawful possession, use, distribution, and or sale of alcohol as well as drugs. The courts will impose legal sanctions on any individual that is found to have violated the laws regarding this. Legal sanctions may include, but will not be limited to: fines, jail time, loss of property, involuntary community service, medical and psychaictric treatment, probation, rehab, etc.

Status as a student or employee of Love Beauty School, inc. In no way prevents courts from imposing any of the above listed sanctions. And again it is against school policy to consume or poses alcohol on school property, property owned by Tonya Liles, and any school related event.

Disciplinary Actions

Again the policy for Love Beauty School, Inc. is a zero tolerance policy. We maintain the right to impose certain disciplinary actions relating to the use, manufacturing, possessions, sale, or distribution to drugs or alcohol. Cleary Act Notices /Crime Statistics

Statistics in this report are published in accordance with the standards, guidelines, and requirements set forth by law enforcement as well as the requirements of the Jeanne Cleary Act. The number of victims involved in an incident will be indicated by the following classifications : Murder, non negligent manslaughter, manslaughter by negligence, sex offenses such as rape, fondling, incest, statutory rape and aggravated assault. For example if an assault occurs and there are 2 victims this would be counted as two assaults. It is not the same for robbery, burglary, and arson. If two individuals are walking together and they are robbed this is considered to be one instance of robbery. In terms of car theft, each car stolen will be a separate count. In violations of liquor law, drug law and illegal weapons, each individual arrested will be indicated in the crime statistics. If the arrest happens to include multiple violations, is its only counted as a drug law violation under the hierarchy rule. Again information under "Referred for Disciplinary Action"" section for drug and liquor law as well as illegal weapons violations

will indicate the number of people who were sent for student disciplinary and charged with violating those specific policies /laws.

Statistics for hate crimes are indicated in each specific cleary-reportable crime category and therefore are part of the overall statistics reported each year. There is an exception to this, and it would be the addition of bias motivated larceny, simple assault resulting in bodily injury, intimidation and vandalism; the law will require that this statistic be reported as a hate crime even though there is not any other requirement to report that crime in any other area of the compliance requirements.

Cleary Act Reporting

Publication of this report is required by law. Crime Statistics are compiled by Love Beauty School, Inc, and whenever possible local law enforcement. These statistics are typically compiled on an annual basis using the definitions of crimes required by the cleary act. The report contains information for the previous 3 years, for any campus crimes that were reported. These statistics would also include any person or persons who was referred for disciplinary actions for categories in the Jeanne Cleary disclosure requirements including drug or alcohol violations as well as illegal weapons possession. Statistical information for off campus locations in our local area is compiled by the local law enforcement officials and is sometimes including but not required as it is not part of our reporting geography for the Cleary Act Requirements. A crime log is kept on file however to this point we have had no entries.

Hate Crime Definitions

Hate Crimes are crimes that manifest proof that the victim was purposefully selected because of their race, sexual orientation, gender, religion, gender identity, ethnicity, national origin, or disability. Reportable crimes that could be reported as a hate crime, are listed in crime statistics. Student Behavior referrals-this would include any person or persons who are not arrested for liquor law violations, drug, or illegal weapons possession, but they were reported as violations, and received disciplinary actions. A referral for disciplinary actions for violation of institutional policies related to or regarding alcohol, drugs, or weapons this does not necessarily mean that a violation of the law has actually taken place. Incidents reported where actual arrest take place are listed else where in the crime statistics however each will be identified in the report appropriately.

Larceny-Theft: The illegal taking, carrying, riding away in, or leading away of property that does not belong to you. This would include, storing the property at a different

location, although you may not have it on you or in your possession, if you are illegally storing someone's stolen belongings this is larceny / theft.

Simple Assault- an illegal attack (physical) by one individual or another / multiple individuals, where neither offender displays a weapon, and the victim does not suffer severe bodily injury, such as broken bones, internal injury, loss of teeth, severe cuts, or loss of consciousness.

Intimidation- To illegally place fear in another individual or individuals in regards to physical harm, through the use of threatening words or conduct, but without showing a physical weapon, or actually attacking the victim.

Destruction, Damage, and or the Vandalism of property- To purposefully or maliciously destroy, damage, injure, and or deface real or personal property without consent or approval of the owner that has custody or control over it.

If a hate crime were to occur where the incident and or crime includes intimidation, vandalism, or any of the other topics listed above the Law requires that the statistic be reported as a hate crime, even though there is no requirement, to report it elsewhere in the compliance document.

Any confidential complaint that is made is considered privileged communications and will not be disclosed to others including law enforcement, as well as other students and or staff members. Although confidential we still require it to be made in writing using a campus crime report. *Please be advised Love Beauty School, Inc is not and will not be liable in any way regarding any situation that is not a direct result of our negligence, we are not required to recommend someone to speak with however we have made the above list available to you.

- **Preserve Physical evidence**

Physical evidence could be required and or necessary in order to prosecute the offender, as well as being helpful in obtaining an order of protection. If possible don't shower or bathe, wash your hands, smoke, use the restroom, change your clothes, or brush your teeth if you have been assaulted. This could assist in determining and or proving who the offender was through medical exams, dna testing, etc.

- **Seek Medical Attention**

It is crucial that you seek medical attention for a variety of reasons. Unity Medical Center of Manchester can provide medical services, as well as collect evidence. The Hospital is located at 481 Interstate Dr, Manchester, TN 37355. Their phone number is 931-728-6354. If necessary you may call 911 directly, and they will send an ambulance to carry you to the hospital in the event of an emergency, be sure to disclose what happened to the EMT's to ensure the preservation of evidence. Again you are highly encouraged to seek medical attention, even if you decide not to file a criminal report, or even a complaint with the institution. For more information on the hospital procedures / sexual assault kit please contact your local hospital as various hospitals may have different requirements. Again it is encouraged that victims not bathe, douche, smoke, change clothes, clean linens where you were assaulted if it occurred within the last 96 hours so that evidence may be preserved, which could assist in proving and prosecuting the offender as well as obtaining the order of protection. If you do not opt for forensic evidence collection, health care providers can still treat injuries, and assist you in the next steps to address concerns of stds, pregnancies, etc. Victims of sexual assault, domestic violence, stalking, and dating violence are encouraged to preserve evidence in any way they can, such as saving of text messaging, social media communications, photos, logs, that could be beneficial to school administration, or the police departments, etc. As time passes evidence may become lost, unavailable, which would make an investigation, prosecution, disciplinary proceedings, obtaining orders of protection, etc. more difficult.

If the victim makes the choice not to file a complaint regarding an incident, he or she should still consider speaking with the hospital or other law enforcement regarding the preservation of evidence should he or she decide to make a complaint at a later date. Evidence assist in proving the alleged event occurred, and or might be helpful in obtaining an order of protection.

- **Report the Incident**

We can not say enough, that victims are encouraged to report any incidents of sexual assault to the local law enforcement agencies, as well as The school

administration. However by law, this is not a requirement. Reportings to the school administration must be done in writing, either via email, fax, mailed, dropped in suggestion box, anonymous envelope, etc. You may contact 931-954-5008 to discuss other options, however reports should be made in writing, there are also forms available at the financial aid office for use.

Retaliation will not be tolerated against anyone who chooses to report sexual misconduct, any reports of this retaliation behavior will be addressed immediately.

Local law enforcement also recognizes the victim / survivors rights not to report. Or pursue any formal method of reporting sexual misconduct as well as their right to or not to seek counseling or medical services.

• Active Bystander

Bystander intervention means any safe and positive option that could be carried out by an individual or multiple individuals that could potentially prevent harm, or intervene when there could be a risk of dating violence, domestic violence, sexual assault, or stalking. This would include being able to recognize a situation of potential harm, understanding the structure of the school, cultural conditions that facilitate violence, overcoming barriers to intervene, identifying safe and effective intervention options, and taking action to attempt an intervention.

Bystanders can play a critical role in the assistance of preventing sexual as well as relationship violence. These are considered to be any individual that observes violence or is a witness to a condition that could or does perpetuate violence. Although they are not considered to be involved directly they have an opportunity and a choice to speak up, or do something about the situation. It is important that everyone understand their accountability, and or responsibility to intervene when ever possible, this is something Love Beauty School, Inc. encourages bystander intervention whenever possible so long as it does not cause further harm. We recognize that you may not always know what to do even if you did want to help, so below we have listed some steps you can assist in being an active bystander. If you or someone else is in immediate danger dial 911. This could be someone is yelling at another individual, or is being physically abusive towards another person, or persons and it is not a safe situation where you could actually intervene or interrupt.

1. Watch out for each other as well as employees. If you see someone who looks like they could be in trouble ask if they are ok.
2. Confront people who try to seclude, hit on, try to make out with, or act sexually inappropriate with someone who is incapacitated.
3. Speak up when you hear someone discuss a plan of taking sexual advantage of another individual.
4. Believe when ever someone discloses sexual assault, abusive behavior, or stalking allegations.
5. Refer others to on or off campus help such as the local police department, counseling information, school administration, medical assistance, etc.

Risk Reduction

Risk reduction creates options that are designed to decrease the perpetration and bystander inaction, and to increase the empowerment for victims in an effort to promote and encourage safety as well as to help an individual as well as communities look at conditions that may facilitate violence. Without an intent to blame the victim, and to recognize that the abuser is responsible for his or her actions and abuse, below are some tips to help reduce the risk of sexual assault or harassment towards an individual. (Taken from Rape Abuse and Incest National Network, www.rainn.org)

1. **Be Aware** of your surroundings. Knowing where you are and who is around you might help to find a way to get out of a bad situation.
2. Try to avoid **isolated areas**. It is more difficult to get help when no one is around.
3. **Walk with purpose**. Pretend like you know where your going, even if you don't.
4. **Trust your instincts**. If you are in a situation that doesn't feel right, it is probably not.
5. **Try not to load yourself down** with mail, bags, packages, etc. This can make you more vulnerable.
6. **Make sure your cell phone is with you** and charged, and that you have money for transportation.
7. **Don't allow yourself to be isolated** with a person or persons you don't know, or maybe you know them, but don't trust them.
8. **Avoid putting music headphones in both ears** so that you can be more aware of your surroundings, especially if you are walking alone.
9. **When you go to a social gathering, go with a group of friends**. Arrive together, check in with each other throughout the evening and leave together. Knowing where you are and who is around you may help you to find a way out of a bad situation.
10. **Trust your instincts**. If you feel unsafe in any situation, go with your gut. If you see something suspicious, contact local law enforcement at 911.
11. **Don't leave your drink unattended** while talking, dancing, using the restroom or making a phone call. If you happened to leave your drink alone, get you a new one.
12. **Don't accept drinks from people you don't know or trust**. If you choose to accept a drink, go with the person to they bar to order it, watch it being poured, and carry it yourself. At parties don't drink from large punch bowls, or other large common open containers.
13. **Watch out for your friends, and vice versa**. If a friend seems out of it, is way to intoxicated for the amount of alcohol they've had or is acting out of character, get them to a safe place immediately.

14. **If you suspect you or a friend has been drugged contact law enforcement immediately at 911.** Be explicit with doctors so they can give you the correct test (you will need a urine test, and possibly others).
15. If you need to get out of an uncomfortable or scary situation here are some things that you can try:
- a. **Remember that being in this situation is not your fault.** You did not do anything wrong; it is the person who is making you comfortable who is to blame.
 - b. **Be true to yourself.** Don't feel obligated to do anything you don't want to do. I don't want to is always a good enough reason. Do what feels right, and what your comfortable with.
 - c. **Have a code word** with your friends or family if you don't feel comfortable you can call them and communicate your discomfort without the person you are with knowing. Your friends or family can then come to get you or make up an excuse for you to leave.
 - d. **Lie.** If you don't want to hurt the persons feelings it is better to make up a reason to leave than to stay and be uncomfortable, scared or worse. Some excuses you could use are: Needing to take care of a friend or family member not feeling well, having somewhere else that you need to be, etc.
16. **Try to think of an escape route.** How would you try to get out of the room? Where are the doors? Windows? Are there people around who might be able to help you? Is there an emergency phone near by?
17. **If you and / or the other person have been drinking,** You can say that you would rather wait until you both have full judgement before doing anything you might regret later.
