Terms & Conditions

***Refund policy:** Refunds when due must be made without requiring a request from student. Refund, when due, shall be made within 45 days (1) of the last day of attendance if written notification of withdrawal has been provided to the institution the student, or (2) from the date the institution terminates the student or determines withdrawal by the student. Retention of tuition and fees collected in advanced for a student who does not commence class shall not exceed \$100. If tuition and fees are collected in advance of the start date of a program and the institution cancels the class, 100% of tuition and fees collected must be refunded. The refund shall be made 45 days of the start date.

Refunds for Students Who Withdraw On or Before the First Day of Class: If tuition and fees are collected in advance of the start date of classes and the student does not begin classes or withdraw on the first day of class, no more than \$100 of the tuition and fees may be retained by the institution. Appropriate refund for a student who does not begin classes shall be made within 45 days of the class start date.

Refunds for Students Enrolled Prior to Visiting the Institution. Student who have not visited the facility prior to enrollment will have the opportunity to withdraw without penalty within three days following either attendance at a regularly scheduled orientation or following a tour of the facilities and inspection of equipment.

***Refund policy for tuition due to non completion of the program:** The refund policy

for a student attending this institution are as follows. If you go 1% to 10% then you pay 10%. If you go 11% to 25% then you pay 50%. If you go 26% to 50% then you pay 75%. If you go 51% to 100% then you pay 100%. You will be responsible for your kit and registration in full in addition to the tuition.

Return to of title IV funds: Section 484B of the HEA

The return of title IV funds as prescribed in section 484b of the HEA amendments determines the amount of the title IV aid a student has earned at the time a student withdraws. The amount of the title IV aid a student has not earned is then returned to the title IV program. It is a proportional calculation based on the date of the withdrawal through 60% of the payment period. The school defines its payment periods for the cosmetology programs as payment period 1 is from 1-450 scheduled hours. Payment period 2 is from 451-900 scheduled hours and payment period 3 is from 901-1200 scheduled hours and payment period 4 is from 1201-1500 hrs. The formula is as follows: 1) The institution will determine the date of withdrawal and determine the percentage of the payment period scheduled for the student. 2) The institution will determine the amount of title IV aid for which the student was eligible by the percentage of the time scheduled. 3) The institution will compare the amount earned to the amount disbursed. If the amount of aid disbursed exceeds the amount earned, the amount of title IV aid must be returned. 4) The institution allocates the responsibility for returned unearned aid between the school and the student according to the portion of disbursed aid that could have been used to cover institutional charges and the portion that could have been disbursed directly to the student once institutional charges were covered. 5) The institution and/or the student must then distribute the unearned title IV aid back to the title IV programs.

The following title IV refund distribution is used for all students due a title IV refund: 1) federal unsubsidized stafford loan 2) Federal Subsidized Stafford loan 3) Federal plus loan 4) Federal pell grant. Example Financial aid award : Pell \$4731.00 1st disbursement \$2366.00 Direct loan 1st disbursement \$1724.00 student withdraws on 12/01/09; the student was scheduled to complete 212 hours of the 1500-hour program. 212 hours/450 hours (payment period 1) = 47.1% The student has completed 47.1% of the payment period and therefore, has earned 47.1% of the financial aid that had been disbursed. \$4090 aid disbursed x 47.1% = \$1926.39 earned financial aid. The school must return the unearned aid to the department of education. \$4090 aid received - \$1926.39 earned aid = \$2163.61 unearned aid. The school will return \$1724 to the direct loan program and \$439.61 to the pell grant program for a total of \$2163.61

Grounds for Termination: Students may be terminated at any time for the following reasons: failing to meet satisfactory academic progress policy with attendance, grades, or clinicals.
