Revised February 2025

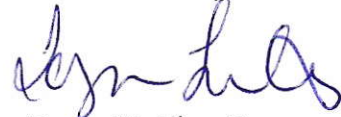

A Letter From the owner.....

It is an honor that you have chosen Love Beauty School, Inc. to pursue your goal in becoming part of the beauty industry. It is our desire to provide you with the latest and best education possible to ensure you are fully successful in completing your program of choice, finding employment, and achieving a lifetime of success.

I fell in love with Cosmetology and education as a young child. There was no greater feeling than helping others to feel good about themselves. I always had a passion for hair, and teaching others. Upon completion of my Cosmetology License, I completed my Jr. Instructors program in Oct of 2008 and began teaching the phase 1 Cosmetology class. I obtained my Instructors License and continued to teach for several years while also working behind the chair in the salon. I was given the opportunity to assist the institution with obtaining accreditation and financial aid approvals so that future students could get financial assistance to help them achieve their dreams in becoming licensed professionals in the beauty industry. As the school began to grow, I was presented with a decision. I could continue to teach full time, or I could continue to work in financial aid and admissions full time, I could not do both. I took this decision seriously. I knew I loved helping others more than anything else. I could still do this in the financial aid department, and even more so as I would have more one on one opportunity to witness to others and help them along their journeys. I still continued to teach as needed and still do today.

I was blessed to have worked with the former owner Mrs. Cristie for almost 14 years. I am thankful for her guidance and wisdom in preparing me for the future God had laid out before me. She was a mentor and a friend. She strived for excellence in everything she did and encouraged our team to do the same. In July of 2022 I purchased the school from Mrs. Cristie as she had made the difficult decision to retire. We wish her the best, and plan to continue her legacy by ensuring all students receive the best education, and guidance in furthering their goals of becoming beauty industry professionals.

Sincerely,

Tonya M. Liles, Owner

Financial Aid Information

Love Beauty School, Inc. is currently offering federal financial aid. We have Pell grants as well as student loans one of the loans is considered sub and unsub, meaning one has interest while you are in school and the other one does not. Your entrance and exit counseling will inform you more on loan origination fees, interest rates, payment plans, loan requirements, etc. Loans are issued from the government. In order to receive financial aid, you must apply for it via the FAFSA. You can do this online at www.fafsa.ed.gov or you may come into the financial aid office where Mrs. Casey can answer questions to assist you in applying for financial aid. Once you have applied for financial aid our third-party servicer (Boston Ed. Network) will then award you based on your need as well as dependency status. Once you have been awarded, we will then call you into the financial aid office and inform you verbally as well as formally of this award. At this time, we will discuss your tuition balance and how much you would like to borrow. Once you have completed all steps, we then will begin receiving financial aid on you, however, please be advised that all federal funds are not disbursed at one time. They are disbursed in drops. Meaning the government monitors your hours and grades and disburses aid as your eligible. Financial aid is given based on need. If for some reason you must leave the school, we cannot hold all your aid to cover your tuition, per federal law. We then do a refund to the government and return what is required, meaning you didn't earn it. This could leave you with a balance to pay out of your own pocket. Financial Aid is to pay your tuition and educational expenses. Your tuition must be paid first, before any funds are released to you the student. Depending on federal requirements this may be in full, or in part such as payment period. Please be advised that the financial aid office has the right to reduce or refuse your loan request per federal law 34CFR685301(a) if you discuss using federal funds for expenses that are not considered educational. Should you need any further information or have any questions please contact Mrs. Casey at 931-954-5008. In order to qualify for financial aid, you must have a high school diploma or G.E.D. if you do not have your high school diploma or G.E.D. Information on how to obtain this can be found on the school website. Love Beauty School, Inc. also distributes entrance and exiting brochures upon request with information regarding Student Loans as well as Pell grants in the event you are unable to access them via the appropriate website at this time is www.studentaid.gov. Per the department of Education we are required to inform you with the following change referring to pell grants: 2010 Federal Pell Grant Crossover Payment Period Policy: For the 2010 crossover payment period that occurs in the 2009-2010 and 2010-2011 award years, our institution elects to award the Federal Pell Grant from the 2009-2010 award year without applying 34CFR 690.64 as amended by the final regulations published on October 29, 2009, and effective on July 1, 2010 (74 FR 55904, 55951). In addition to federal Pell grants and student loans we also are Approved by the TN State Approving Agency for the training of veterans and eligible persons. Beginning June 2019, the following disclosures are required to be made. A covered individual is any individual who is entitled to educational assistance under chapter 31, vocational rehabilitation and employment, or chapter 33, Post 9/11 GI Bill® Benefits. Love Beauty School, Inc. Permits any covered individual to attend or participate in the course of education during the period beginning on the date on which the individual provides their certificate of eligibility for entitlement under educational assistance under chapter 31 or 33. A certificate of eligibility can also include a statement of benefits obtained from the dept of veterans affairs (VA) website-ebenefits, or VAF 28-1905 form for ch 31 authorization purposes) and ending on the earlier of the following dates. 1. The date from which payment from the VA is made to the institution. 2. 90 days after the date the institution certified tuition and pays following the receipt of the certificate of eligibility. We will not impose any penalty including the assessment of late fees, the denial of access to classes, libraries, or other institutional facility's, or the requirement that a covered individual borrow in additional funds, on any covered individual because of the individual's inability to meet his or her financial obligations to the institution due to the delayed disbursement funding from VA under chapter 31 or 33. Love Beauty School, Inc. would ask that the students submit a certificate of eligibility for entitlement to educational assistance no later than the first day of a course of education / Start Date. We would also ask for a written request to use such entitlement. We would also ask the student to provide any additional information necessary to the proper certification of enrollment by the school, and that The student be willing to cover the difference between the amount of their financial obligation to the institution for Tuition, Kit, registration as well as any suspension and overtimes fees the student incurs and the amount of the VA education benefits disbursement. For example: If the cost of the students program is 17,000 and they also incur \$200 in fees due to poor attendance or the purchase of additional supplies, the amount due would be \$15,200 should the VA only cover \$15,000 then the student would be required to cover the \$200 in order to have his or her hours released at their graduation and or completion of the program. Information on financial aid also in consumer information handbook.

Grading System

Love Beauty School, Inc is dedicated to training the best. In order to do this we have a strict grading system we follow and this is simply to make sure that the students are excelling to the best of their ability and becoming the best beauty and wellness professionals they can be. Below you will find an example of our grading scale.

Theory Work will be graded according to the following scale:

90-100 Excellent

80-89 Above Average

70-79 Satisfactory

Below 70 Unsatisfactory

Always using 100 percent possible, we take the number of items on the exam, and or assignment, and divide 100 by that to get the points possible for each item, this is then multiplied by the number missed, and deducted from total points possible. For example an exam of 20 questions. $100 / 20 = 5$ points possible. So if the student doesn't get any wrong, they will receive a 100. If they missed 5, we would multiply 5 missed, by 5 points possible each for a total of 25 points. This is then subtracted from total points possible $100 - 25 =$ grade of 75%. Having to retake an exam and or assignments for a non passing score, or late may result in an automatic 10 point deduction.

Practical and Clinic Work will be graded as follows:

If the student completes the clinical/practical assignment correctly they are able to count this as a clinical. Each student have a number of clinical in each category equal to state board requirements for the number of hours in general, chemical, physical work. A student cannot graduate unless he or she has successfully completed all clinical/practical work. If a student does not complete a clinical/practical successfully he or she will not get credit for it.

Please be advised that in order to be considered passing you must make a minimum of a 70! For other info please see Satisfactory Academic Progress in your Consumer Information Handbook.

**Love Beauty School, Inc requires that the students make at least a 70 on all tests. Should any student receive a failing grade for a test it is not accepted and an (I) (incomplete) is entered as the grade until the exam is retaken* ALL Exams and or clinicals must have a passing score for students to graduate. You will not be able to graduate until all exams and assignments have a passing score and all clinicals are completed. The institution reserves the right to charge you for overtime for additional hours needed to complete clinicals and or test that should have been taken, passed, and or completed during your scheduled enrollment.*
